

Investor Presentation

Forward Looking Statements

This presentation includes forward-looking statements including, but not limited to, statements regarding Coca-Cola İçecek's ("CCI") plans, objectives, expectations and intentions and other statements that are not historical facts. Forward-looking statements can generally be identified by the use of words such as "may," "will," "expect," "intend," "estimate," "anticipate," "plan," "target," "believe" or other words of similar meaning. These forward-looking statements reflect the current views and assumptions of management and are inherently subject to significant business, economic and other risks and uncertainties. Although management believes the expectations reflected in the forward-looking statements are reasonable, at this time, you should not place undue reliance on such forward-looking statements. Important factors that could cause actual results to differ materially from CCI's expectations include, without limitation: changes in CCI's relationship with The Coca-Cola Company and its exercise of its rights under our bottler's agreements; CCI's ability to maintain and improve its competitive position in its markets; CCI's ability to obtain raw materials and packaging materials at reasonable prices; changes in CCI's relationship with its significant shareholders; the level of demand for its products in its markets; fluctuations in the value of the Turkish Lira or the level of inflation in Türkiye; other changes in the political or economic environment in Türkiye or CCI's other markets; adverse weather conditions during the summer months; changes in the level of tourism in Türkiye; CCI's ability to successfully implement its strategy; and other factors. Should any of these risks and uncertainties materialize, or should any of management's underlying assumptions prove to be incorrect, CCI's actual results from operations or financial conditions could differ materially from those described herein as anticipated, believed, estimated or expected. Forward-looking statements speak only as of this date and CCI has no obligation to update those statements to reflect changes that may occur after that date.

Important Disclaimer

Based on the CMB's decision dated 28 December 2023 and numbered 81/1820 and the "Implementation Guide on Financial Reporting in High Inflation Economies" published by the POA with the announcement made on 23 November 2023, issuers and capital market institutions subject to financial reporting regulations applying Turkish Accounting/Financial Reporting Standards will apply inflation accounting by applying the provisions of TAS 29, starting from their annual financial reports for the accounting periods ending as of December 31, 2023.

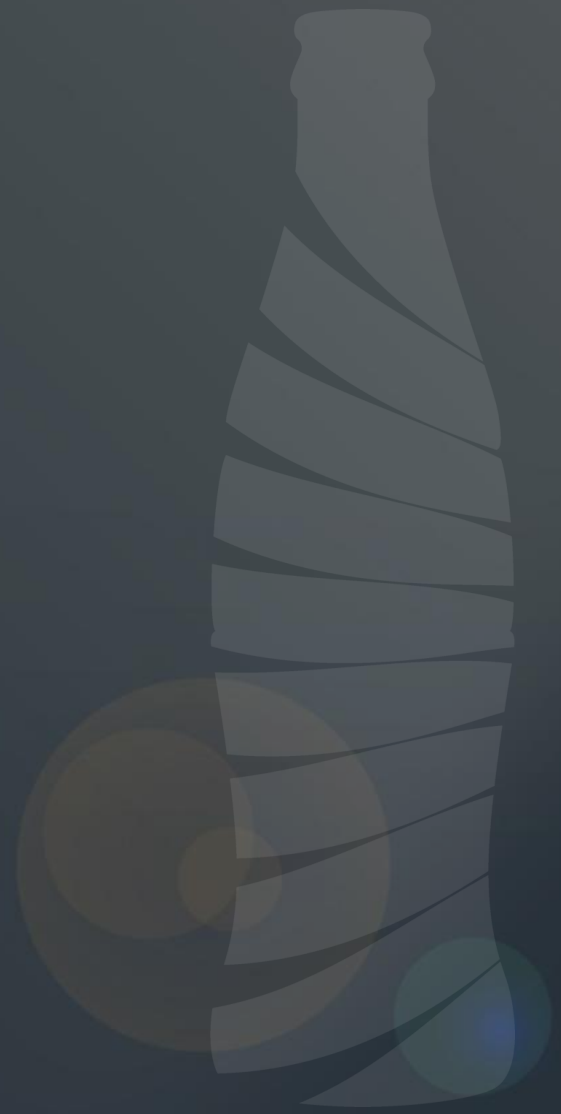

As of September 30, 2026, an adjustment has been made in accordance with the requirements of TAS 29 (“Financial Reporting in High Inflation Economies”) regarding the changes in the general purchasing power of the Turkish Lira. TAS 29 requirements require that financial statements prepared in the currency in circulation in the economy with high inflation be presented at the purchasing power of this currency at the balance sheet date and that the amounts in previous periods are rearranged in the same way. The indexing process was carried out using the coefficient obtained from the Consumer Price Index in Turkey published by the Turkish Statistical Institute (“TUIK”).

The relevant figures for the previous reporting period are rearranged by applying the general price index so that comparative financial statements are presented in the unit of measurement valid at the end of the reporting period. Information disclosed for previous periods is also presented in the measurement unit valid at the end of the reporting period.

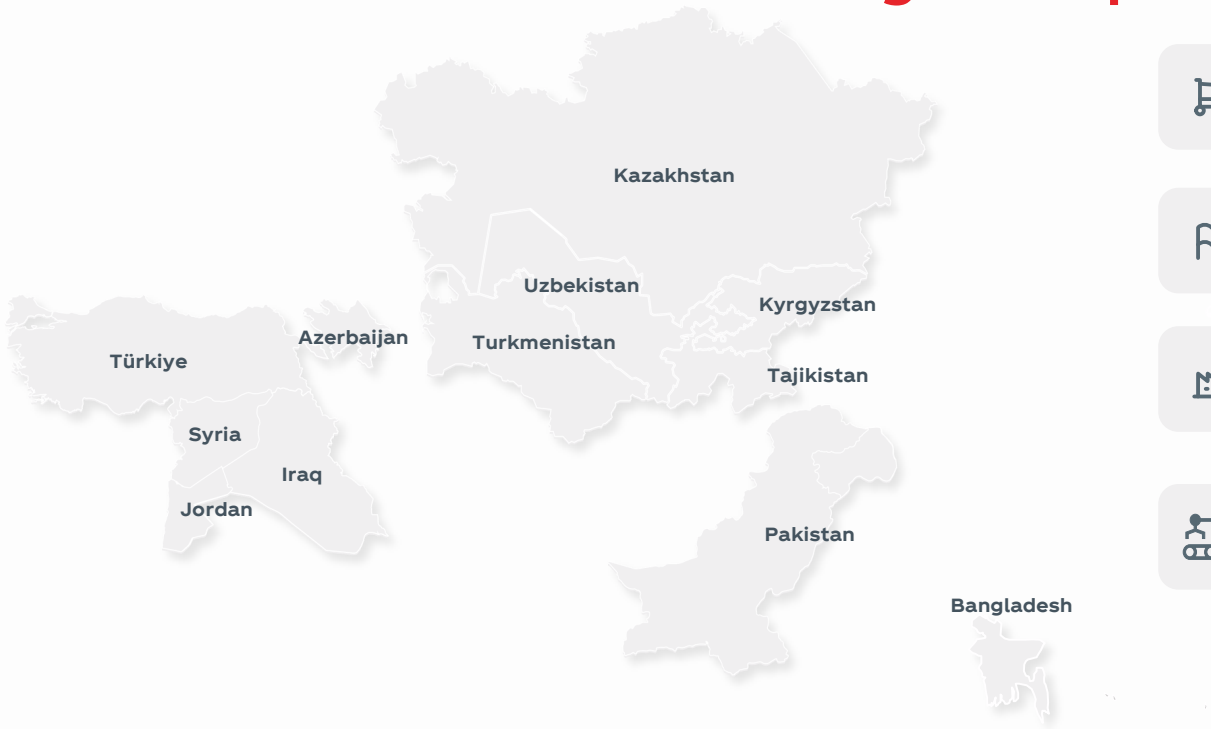

However, certain items from our financials are also presented without inflation adjustment for information purposes in order to give an idea of our performance relative to 2026 forecasts, which we announced at the beginning of the year and which we stated were based on the financials without inflation adjustment. These unaudited figures are clearly labelled where relevant. All financial figures without such disclosure are reported in accordance with TAS29.

HOW WE DO IT

CCI Playbook is Our Winning Formula

Invest Ahead of Demand

- Production facilities
- Coolers

RTM Improvement & Distributor Development

- Independent & loyal
- Build capability & train distributors

Disciplined Revenue Growth Management

- Dynamic and proactive pricing
- Trade optimization while ensuring affordability and customer viability
- Mix optimization

In-store Execution Excellence

- Right Execution Daily standards
- CCI Sales Academy across all countries

Supply Chain Excellence

- Greenfield investments
- Continuous efficiency gains

Develop & Deploy Talent

- U30 program to recruit, train and develop future talents
- Women empowerment

CCI's Unique Route-to-Market (RTM) Model

~80% of volume

Independent & loyal

CCI builds capability & train distributors

Local expertise and reach

Offers CCI's best-in-class execution

~20% of volume

Direct CCI distribution to Key Accounts only: Supermarkets & discounters

RTM Systems in the World	1	2	3
	Direct Distribution by the Bottler	Wholesalers as a fulfillment intermediary	Hybrid approach – *unique to CCI*

Disciplined Revenue Growth Management

Net Sales Revenue = **Volume** x **Price** x **Mix** - **Discounts**

BALANCE

Volume

Opportunity Mapping

Identify & prioritize growth opportunities

Price x Mix

Value-driven Pricing

- Consumers' willingness to pay
- Purchasing power
- Real F&B Inflation

OBPPC*

Well defined pack roles, optimal pricing & channel differentiation

Discounts

Terms & Conditions

Increase conditionality of customer investments

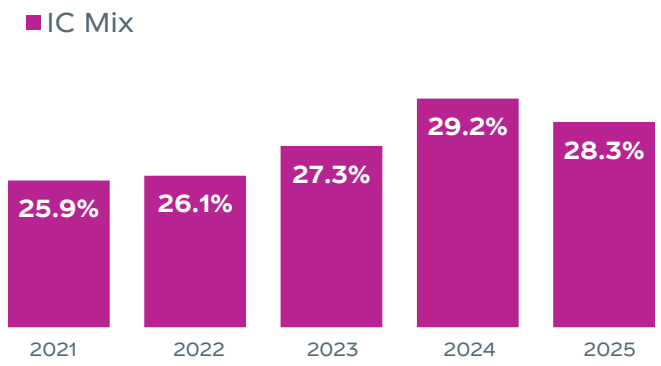

Promo Spend

Optimize promotional spend & enhance returns

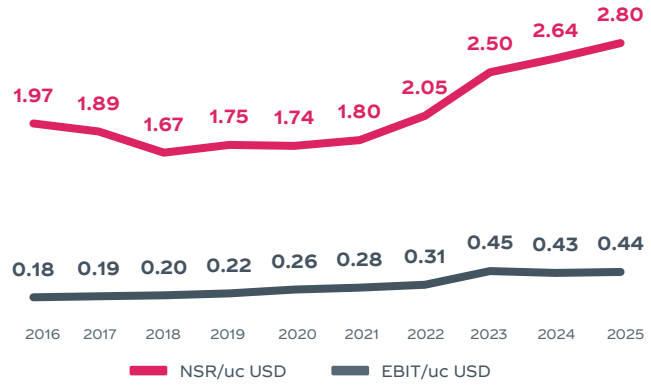

* Occasion, Brand, Price, Package, Channel

Effective RGM, Proactive Procurement and Prudent OpEx Management Supporting Resilient EBIT Margins

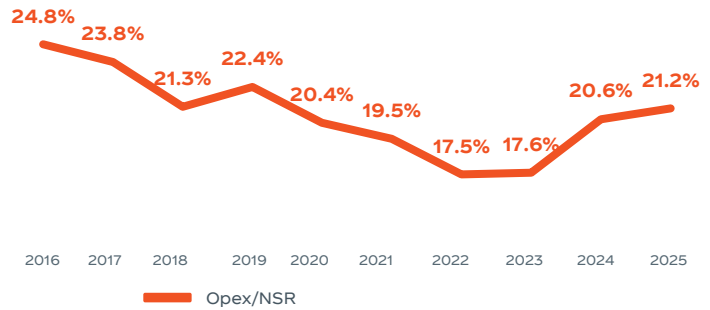

Effective Mix Management

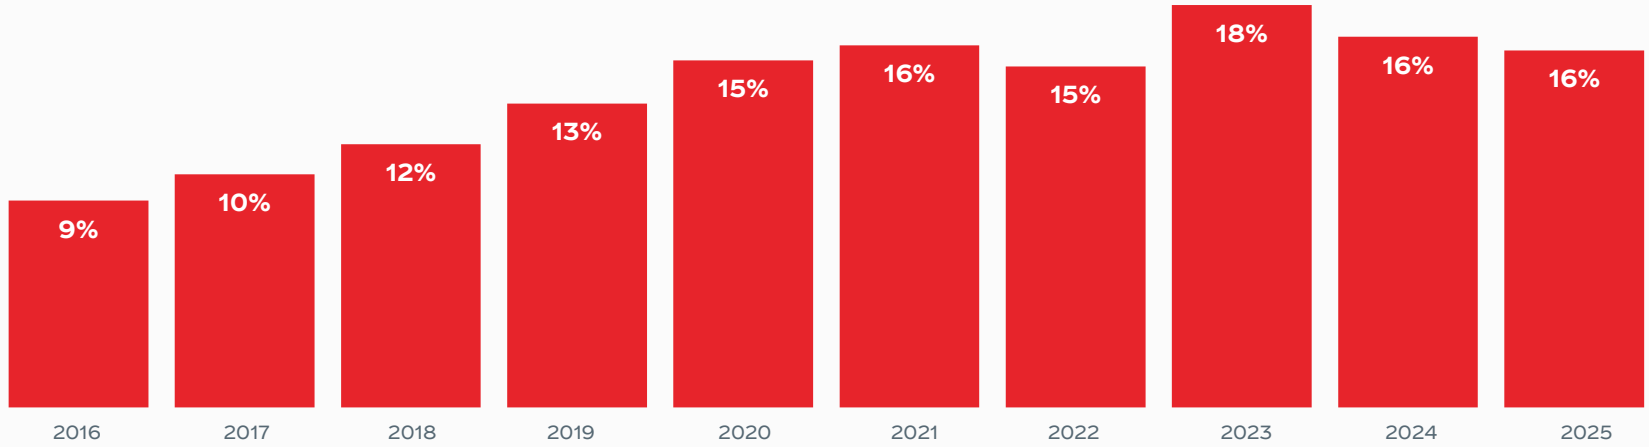

Right Pricing & Record – High Per Uc Efficiency

Prudent Opex Governance

Resulting in **Resilient EBIT** margin

FINANCIAL REVIEW

Summary Financials – 3Q26

Resilient Performance Despite Cost Pressures and High Base of Last Year

Net Sales Revenue (TL)

9M26	198.5 Billion	+5.4%	y/y
3Q26	68.4 Billion	+1.0%	y/y

Without TAS 29:
NSR growth of 30.4% in 3Q26

EBIT (TL)

9M26	31.0 Billion	+14.3%	y/y
	15.6% Margin	+121 bps	
3Q26	10.4 Billion	-18.3%	y/y
	15.2% Margin	-359 bps	

Without TAS 29:
EBIT margin declined by 320 bps y/y, reflecting gross margin decline due to high base of last year along with increased distribution, selling and marketing expenses

Net Income (TL)

9M26	22.5 Billion	+23.1%	y/y
	11.3% Margin	+162 bps	
3Q26	7.8 Billion	-16.4%	y/y
	11.4% Margin	-237 bps	

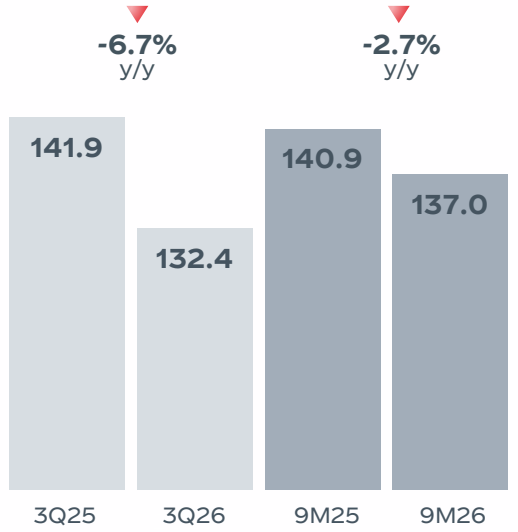

Lower net financial expenses supported bottom-line performance despite softer operating profitability and lower monetary gains

Without TAS 29:
Net income up by 15.6% in 3Q26

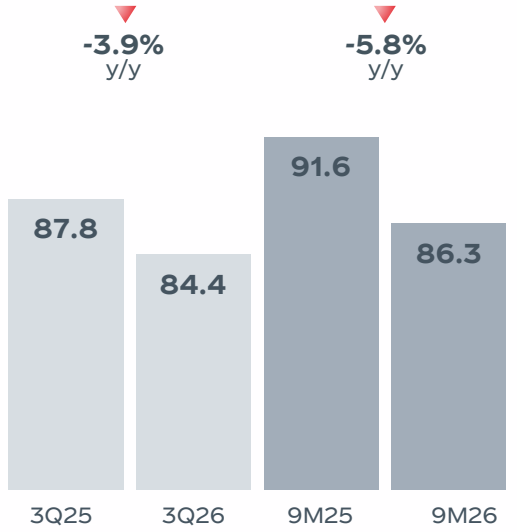

Per UC Metrics – 3Q26

Performance Evolving as Anticipated
